

WHY PEOPLE DON'T MAKE MONEY ONLINE

www.NigeriaBusinessPortal.com

1. People don't treat online business as a business.
2. Most people don't give their online programs time to work.
3. People join too many programs at once and don't concentrate on making one works.
4. Most people are lazy; they don't want to do anything to make money. They are only looking for get-rich-quick programs.
5. Most people give up because something did not work the first time.
6. People don't want to spend money to make money. Online business is a business; you must spend money to make money.
7. People don't like to read. To be successful online, you must cultivate the habit of reading. Readers are leaders.
8. Most people fail to get the basic requirements for online business before venturing into it.
9. Most people don't want to learn new skills.
10. People are afraid of losing money. You can not make money in any business if you are afraid of losing money.
11. Most people are afraid of failure, forgetting that success lies on the far side of failure.
